**JOIN THIS  
INITIATIVE TO  
HELP SAVE LIVES**

The Family Peace Center model has been identified as a best practice in the field of domestic violence intervention and prevention by the U.S. Department of Justice!

**OUR VISION IS A  
FUTURE WHERE**

All the needs of victims are met,  
Children are protected,  
Batterers are held accountable,  
Violence fades,  
Families heal and thrive,  
Hope is realized, and  
We ALL work together!

# Where Victims Come First

A Family Peace Center helps survivors of family violence and their families get the resources and support they need at **ONE LOCATION** – bringing together police officers, prosecutors, advocates, therapists, civil attorneys, community volunteers, survivors and many others.

In the last two years, Women & Children First has toured Family Peace Centers across the country to learn best practices and has completed a comprehensive strategic plan. A location has been acquired to build a new shelter and Family Peace Center.
